DISASTROUS HOLD UP.

Three Men Are Dead and Three Others Are Wounded.

ROBBERY A FAILURE

Four Italians Fire Upon Two Men in an Attempt to Sob Them of Money to Pay Off Miners of a Coke Company.

Pittsburg, Oct. 31.—Four Italian miners made an attempt late Tuesday afternoon to rob Pay Clerk William Hosler of the Southwest Connellsville Coke company while making his trip between this city and Alverton, with the pay roll of the Alverton and Tarr works amounting to \$4000. Mr. Hosler is dead, his companion, Harry Burgess, messenger of the company, is wounded; two of the Italians are dead, a third fatally wounded and the fourth wounded.

Hosler and Burgess left this city at 1 p. m., with the safe containing the money to pay off the men at the Alverton and Tarr works. As they reached the summit of the long hill above Morewood, just below which lies Alverton, a large coke town, without a second warning, four Italians fired a volley from their hiding place and sprang forward, firing as they advanced. Mr. Hosler fell dead at the first volley. Young Burgess, though wounded, was able to return the fire with effect and one of their number fell dead. A second later he fired his revolver in the very face of another, and as he fell, his two remaining companions became terrified, and leaving the dead, one set out with the wounded one over the hill to the south, in the direction of the Alice mines.

Burgess managed to drive into Alverton with the body of Mr. Hosler and the safe, where he gave the alarm. Mount Pleasant and vicinity, with its clerical force of the coke company, turned out with a hundred strong and soon corralled the two who had concealed themselves in the field.

A summons to surrender was answered by a volley, by which one of the posse received a slight wound in the chest. The outlaws from their fortified position, made fierce stand for a few minutes, until one of the posse succeeded in getting in their rear. He shot one through the head, killing him instantly. The other surrendered and was brought to the office of Squire Rhodes and remanded to jail. In the meantime, another division of the posse overhauled the third would-be robber who had received a ghastly wound. The ball entered his mouth and penetrated his head, coming out at the back of his neck. He is not expected to recover.

INDIANS HAVE SMALLPOX.

It Is Feared a General Epidemic Will Occur This Winter.

Washington, Oct. 31.—Smallpox has broken out on a number of Indian reservations in the west and it is feared that when the cold weather sets in the epidemic will become more widespread and assume a more malignant form. Every possible effort is being made to stay its progress and the Indian bureau is forwarding vaccine virus to the various agencies.

Lieutenant Colonel Randlett in charge of the Kiowa Indian agency in Oklahoma telegraphs that smallpox is epidemic on the Wichita reservation and that 50 cases have occurred among the children at the Riverside Indian boarding school on that reservation. The disease has also appeared at the Cache creek mission and at the St. Patrick mission on the Apache, Kiowa and Comanche reservations. No deaths have been reported thus far, and no alarm is manifested by the Indians.

Civil Service Investigation.

Washington, Oct. 31.—The civil service commission has just completed investigations of charges of violations of civil service law, mostly of political assessments and coercion, against Federal officials whose names are withheld, in Philadelphia, Louisville, Cincinnati, Topeka, Birmingham and some Iowa towns.

Town Destroyed by Earthquake.

Caracas, Oct. 31.—The earthquake Monday destroyed the town of Guarene, resulting in the loss of 25 lives. Nearly the entire population of Caracas passed Monday night in the streets or squares of the city. Slight tremors, following the severe shocks have recurred at varying intervals and still continue.

General Frost Dead.

St. Louis, Oct. 31.—General D. H. Frost, for 50 years one of the best known residents of this city, is dead, aged 77. General Frost served in the Mexican and civil wars with distinction. In the latter war he served on the Confederate side.

President Sam Reported Dead.

New York, Oct. 31.—A private cable

dispatch received at Kingston, Jamaica, reports the sudden death of President Simon Sam of Hayti. The news, which has not been confirmed, has greatly excited and rejoiced the Haytian exiles at Kingston.

Valuable Franchise.

San Juan, Puerto Rico, Oct. 31.—The railway franchise which the executive council granted yesterday to the North American company is very valuable. It will permit the construction of a veritable network of lines in the islands.

NO INDEMNITY FIXED.

Authorities Not Settled on Price China Will Have to Pay Us.

New York, Oct. 31.—Authoritative denial is made that the ministers in Peking have already decided to demand \$300,000,000 indemnity. It is stated that this matter has not yet been considered. The ministers and the Chinese envoys are trying to settle the punishment of the boxer leaders, and it is learned that Mr. Conger is especially desirous to have Prince Tuan executed. It is stated by a high official that the people will be satisfied should Prince Tuan be degraded and exiled. Germany, however, wants him beheaded.

No very vigorous steps have yet been taken to estimate the indemnity China should pay the United States. The war department is preparing to collect information as to the cost of the expedition to China, representatives of the religious denominations whose missionaries were killed and injured, and missions were destroyed are conferring with Messrs. Conger and Rockhill and private citizens whose property was destroyed have submitted claims to the state department. But they have all been notified that such action is premature.

THEY COME TO TIME.

England and Germany Agree to "Open Door" in China.

Washington, Oct. 31.—The state department has made public the agreement between the United States, Great Britain and Germany for the maintenance of the integrity of the Chinese empire and open door to commerce in that country. Agreement is in accordance with notes sent to powers by Secretary Hay.

WILL STILL CONTROL.

Lord Salisbury Will Exercise General Control as He Has Formerly.

London, Oct. 31.—It is announced, seemingly with authority, that Lord Salisbury, acting on medical advice, has decided to lighten his labors by relinquishing the foreign secretaryship. Lord Salisbury has had over 11 years in the foreign office and although he has passed his 70th birthday had he consulted his own natural desires he would have continued to hold the two offices, which he has occupied with such unvarying success.

As prime minister he will be able to exercise general control not alone in foreign affairs, but in other parts of the house service. Lord Lansdowne, who has been a failure in the war office, will be the new foreign secretary. He is a weak politician but has been a successful viceroy, and is persona grata with the premier. With Lord Lansdowne at the foreign office Lord Salisbury will still be able to direct the foreign policy of England, whereas such might not be the case if a strong man like Mr. Chamberlain had been appointed.

Kicking on Lansdowne's Selection.

London, Oct. 31.—Marquis of Lansdowne's elevation to foreign secretaryship, has, figuratively speaking, taken the country's breath away. It was as unexpected as it was unwelcome. Even the staunchest ministerial mouth pieces among the afternoon newspapers condemn it. Public anxiety is to some extent relieved by the conviction that Lord Salisbury's experience still will be available direct on the broad lines of his policy of prospective foreign minister.

Steamer McArthur Returns.

Victoria, B. C., Oct. 31.—The United States coast survey steamer McArthur, after two months spent in Alaskan waters, making chart corrections and revision of the coast line, has arrived here. During the trip the vessel called in at Muir Glacier. She entered the bay at night, being one of the few ships to get within sight of the glacier this year. On leaving the bay she found that she had to force her way through thick ice which had formed during the short time she was in port. She reports that sailors are again endeavoring to consolidate. The owners of two-thirds of the schooners have agreed to pool their interests.

Noted Woman Dead.

New York, Oct. 31.—Mrs. Sarah Anthony Burtis is dead at Rochester, in the 90th year of her age. She was born at Saratoga in 1810. Mrs. Burtis was one of the first workers in the cause of woman suffrage, one of the first persons to display an interest in the Fox sisters, whence she became one of the firmest believers in the doctrines of spiritualism, and she was an ardent abolitionist. Her home was one of the stations of the "underground railroad," and she entertained there William Lloyd Garrison, Wendell Phillips, Fred-

Stabbed Himself With a File.

St. Louis, Oct. 31.—Charles R. Herald, a carpenter, 50 years old, made a desperate attempt to end his life here by stabbing himself over the heart with a file which he had sharpened for the purpose. He had been despondent for several days and had made several threats to end his life, but no attention was paid to him. His relatives believe he is demented and can assign no other cause for his attempted suicide.

Another Chance for Dreyer.

Chicago, Oct. 31.—Former Banker E. S. Dreyer, under conviction for withholding \$321,000 from his successor as treasurer of the West Park board, has been given another chance for his liberty. Judge Waterman granted the defense leave to prepare a revised bill of exceptions, setting forth that the bailiff in charge of the jury which convicted the banker had not been sworn before taking charge of the 12 men.

WAR IN COLOMBIA.

Minister Hart Says Thirty Thousand Men Have Been Killed and Wounded.

New York, Oct. 31.—C. B. Hart, United States Minister to Colombia, South America, has arrived here on his way to his home in Wheeling, W. Va. He said in an interview:

"Matters in Colombia are seriously mixed. The Liberals started a second revolution several days ago and it has developed great strength. The fighting has been fierce and up to date, the killed and wounded have numbered 30,000. While the Liberals have met with much success, it is my belief that the government will be eventually successful. But the revolution is seriously disturbing business. General Prospero Pinzon is in command of the government forces and the revolutionists are commanded by Major General Rafael Uribe. The scene of the trouble is in the department of Cauca.

"In the recent election San Clementi and Senor Marroquin were elected president and vice president respectively. San Clementi because of the state of his health could not live in Bogoto and went to Villeti. In his absence, Marroquin started a rebellion and assumed the presidency, securing the recognition of all the foreign powers, except the papal see. Both San Clementi and Marroquin are drawing their salaries of 36,000 pesos per annum.

"It is too bad that there are internal dissensions in Colombia, under a peaceful regime that country has remarkable opportunities for development.

"There is a demand there for Benito Zamalea, who is here in New York. He was formerly United States vice consul at Bogoto. The Marroquin government charges him with conspiracy and he is practically an exile."

FEW BODIES FOUND.

It Is the Belief That Chlorate of Potash Caused the Explosion.

New York, Oct. 31.—The work of searching the ruins of buildings wrecked by the explosion in Tarrant & Co.'s drug house on Monday is prosecuted day and night. About 4 o'clock this morning a fresh outburst of fire occurred at Warren and Greenwich streets stopping for some time the work of clearing away the debris.

City Superintendent of Buildings Dooner said the buildings at 5125 Washington street will be razed today.

James Ladoles, 15-years-old, and who was reported missing, has been found. He said he had been visiting friends.

Only four bodies have been recovered from the ruins. Of these only one body has been identified, that of August Schmidt. The three unidentified bodies were gathered by piecemeal and never will be identified. The police claim that the portions of human anatomy found represents three bodies and that two of them were men and one a woman.

Two tons of chlorate of potash and one ton of sulphur, it appears were in the building occupied by Tarrant & Co., when it was demolished by fire and explosions and this is the only theory so far advanced for the catastrophe.

The Car Jumped the Track.

St. Louis, Oct. 31.—A number of passengers were badly shaken up and a conductor seriously injured by the derailment of a car on the California Avenue line at Michigan avenue and Wilmington road. The car was in charge of Walter Harbison, conductor, and Motorman Ben Lester. The front wheels left the track, turning the car almost completely around and throwing Harbison to the ground. Examination showed he had suffered a fractured nose, a number of bad bruises and some internal injuries. The passengers were frightened, but beyond the shaking up escaped injury. The car was slightly damaged.

Rosslyn Ferrell Convicted.

Marysville, O., Oct. 31.—The jury has returned a verdict of murder in the first degree without recommendation, against Rosslyn H. Ferrell for the murder of Charles Lane an express messenger on a Parhandle train. The murder was committed for the purpose of robbery. Ferrell secured \$1000 from the way safe of the Adams Express company. The verdict carries with it the death penalty which, in Ohio, is electrocution.

Ferrell Attempts Suicide.

Marysville, O., Oct. 31.—Rosslyn H. Ferrell, who Tuesday night was found guilty of murder in first degree without recommendation of mercy, attempted to commit suicide by smothering himself to death. He wrapped the bed clothing tightly about his head and turned on his face. When his purpose was discovered guards pulled the clothes off while Ferrell fought to prevent their removal.

Killed Her Husband.

Geneseo, Ills., Oct. 31.—William Hilger, a young carpenter of Hoopole, near here, is dead of wounds inflicted upon him with a pistol by his wife. According to the story told a \$3000 life insurance policy prompted the deed. The woman needed money.

Powder Magazine Explodes.

Shanghai, Oct. 31.—The Daily News reports that a powder magazine at Nankin has been exploded by lightning and that many persons were killed or injured and much property destroyed.

AGAIN INTERRUPTED.

Roosevelt Disturbed While Making a Political Speech at Geneva
Rochester, N. Y., Oct. 31.—When Governor Roosevelt arrived at Rochester last night he received a warm welcome. The governor made several speeches throughout the day and the crowds were large at all points. At Geneva an attempt was made to prevent the governor from speaking. The governor was driven to an open stand near the depot where he had to stand in the rain while the local committee sent word to stop the blowing of the whistles which still continued. Judging from the cheers the crowd was evidently with him, but there were a number on the outskirts of the crowd, especially in the windows of some buildings who assisted by the usual crowd of small boys did what they could to interrupt him.

FEELING THE STRAIN.

Roosevelt Has a Sore Chest and His Voice Is Impaired.
Rochester, N. Y., Oct. 31.—Governor Roosevelt is feeling the strain of his continued campaigning more than any time since he started on his tour. His chest is sore and his voice does not carry well. His train left Rochester at 9:30 o'clock this morning and after making several stops reached Buffalo at 4 p. m. The recent rain left the county roads in a bad condition and his audiences were limited almost to the residents of several towns where the train stopped.

BRYAN LEAVES NEW YORK

He Will Make a One-Day's Canvass of Ohio on His Way West.
Dunkirk, N. Y., Oct. 31.—W. J. Bryan concluded the final day of his last campaign tour, in this state last night. He began the day at the town of Addison and spoke at Hornellsville, Almond, Alfred, Andover, Wellsville, Belmont, Friendship, Cuba, Hinsdale, Olean, Salamanca, Randolph, Jamestown and Dunkirk.

All these towns are in the south western part of the state, and all have been strongly Republican in politics.

The meetings of the day were generally quite well attended.
Mr. Bryan left here for Ohio. All told he has made 110 speeches in this state.

BRYAN AT TOLEDO.

He Is Received There Enthusiastically and Addressed a Large Crowd.

Toledo, Oct. 31.—Colonel and Mrs. Bryan arrived in this city at 9 o'clock this morning, coming direct from Dunkirk, N. Y. At 10 o'clock Mr. Bryan made a speech at Armory park, leaving immediately afterwards on a day's tour through the state. He was received by cheers from a big crowd gathered about the depot when he left the car and also found a large number of people grouped about the hotel when he reached it. They cheered heartily.

Before proceeding to the park Bryan made a brief speech to a crowd assembled in front of the Boodie House, telling them he was pleased to see so many people out so early in the morning. At the park he was greeted by several thousand persons who cheered heartily when he entered in company with Mayor Jones.

Given to the Democrats.

Frankfort, Ky., Oct. 31.—In the court of appeals the judgment of the lower court in the contests over minor state offices was affirmed, thus establishing the title of the Democratic incumbents to these offices. The three Republican judges assented. The case applies to all state offices except governor and lieutenant governor, the contests over which was settled by the legislature.

Debs Speaks at New York.

New York, Oct. 31.—Eugene V. Debs, the candidate for president on the Social-Democratic ticket, spoke at Cooper Union Tuesday night to an audience that filled the theater and crowded the aisles. The rush at the doors was so violent that women were more or less roughly handled.

Political Rough Riders Attacked.

Toledo, Oct. 31.—Several members of the Monclay Rough Riders club were attacked by a crowd of toughs and seriously injured, as they were boarding a train at Grand Rapids after a political demonstration. John Hemp was struck with an iron missile and will die. Oscar Johnson was seriously wounded and several others badly hurt.

Oklahoma Mining Excitement.

Guthrie, O. T., Oct. 31.—There is much excitement over the mining developments in the spurs of the Wichita mountains which extend into Greer county. The Gold King is one of the latest mines located. It is in Quartz mountain, three miles south of Granite, and is a well defined fissure vein. The vein carries a matrix of crystallized quartz, showing copper and iron oxide, containing as shown by recent assays \$17.75 of copper and \$2.40 of gold per ton.

THIS IS TO REMIND YOU

That all groceries are not alike. Some are made from cheap materials by poor machinery, and very little care is given to the work. That's the dangerous kind because it's likely adulterated. That's the kind you would do well to let alone. Others are made from the choicest materials, much care is given to the work, skilled labor is employed, and much money is spent in making them right—that's the kind that gives health, brain and brawn; you will find that kind in the list below:

Graham Flour 5 lb package 25c;
Cracked Wheat 2 lb package 20c;
Grains of Gold 5 lb package 25c;
Farina 1 lb package 10c, 3 for 25c;
Quaker Oats 2 lb package 15, 2 for 25c;
Scotch Oats 2 lb package 10c;
3 for 25c; Hominy 2 lb packages 10c, 3 for 25c; Ralston's Breakfast Food 20c package; Ralston's Barley Food 15c package; Ralston's Pan Cake 15c package; Ralston's Purina Health Flour 25c; Imported Italian Paste; Macaroni; Vermicelli; Spaghetti; Anderson's Jams per bottle 25c; Maple Syrup; Grape Nuts and Postum Cereal; Cane Juice, New Crop Louisiana Molasses; New Evaporated Apples, Nectarines, Pears, Peaches; New Prunes; Fresh Dozier Cakes and Crackers; Grits and Hominy; Lye Hominy in 3 lb cans 15c. These are only some of the good things we have to offer. Come and see for yourselves as to the variety and quality of our stock of groceries.

ELECTORAL COLLEGE.

New Census Will Make a Change of Only One Vote.

TEXAS GAINS TWO.

The Total Gain Is Eleven and the Loss Ten—The New England States Makes the Greatest Gain and Central the Losers.

Washington, Oct. 31.—The announcement of the population of the United States, made by the census bureau, has started speculation about the effect on the apportionment for members of congress. The increases and decreases in state representation depend upon the feeling of congress which is yet to be elected. It is quite certain, however, that several states will lose. One of them is Nebraska, which has gained only 10,000 population. Another is Maine, which has gained only 30,000. Nevada shows a falling off in population. But Nevada is safe, for she has only one congressman now and cannot have less.

The greatest gainer under the conservative estimate of an increase of 200,000 to each representative would be Pennsylvania which would gain three congressmen, bringing her number to 31. New York would gain two, reaching a total of 36. Kentucky, Maryland, South Carolina and Virginia would each lose a congressman, which would not be offset by the gain of two in Texas. Maine and Vermont would each lose a congressman, though Massachusetts would gain one. Illinois would gain two, making her representation 24. Of the other great middle states, Indiana, Ohio and Minnesota would each lose one. While Michigan, Iowa and Wisconsin would neither lose nor gain. These would be the only changes.

The apportionment would add 11 to the representation and subtract 10, leaving a net gain of one. There is hardly any doubt that the new apportionment will not be made on any less number than 200,000.

LIPTON WAS LENIENT.

Could Have Made Pork \$100 Instead of \$20 for October.

Chicago, Oct. 31.—The culmination of the October pork corner controlled by Sir Thomas Lipton came today and when pork for delivery advanced \$3 rising in less than a dozen trades from \$17 Tuesday's closing price, to \$20 at the close today. The buying was by shorts who held till the last moment. It was said that Sir Thomas could have made the price \$100 as well as \$20, but he declared he had no attention of "squeezing" anybody. That the deal did not furnish greater excitement, was due, it is said, to the fact that many shorts threatened with being swept off the board were previously allowed to fix up their deals with Lipton privately.

REFUSED TO SURRENDER.

Botha Tells the British the Boers Are Not Ready to Give Up.

London, Oct. 31.—A belated dispatch from Pretoria tells of the failure of the British negotiations with General Botha for the surrender of the Boers. Botha received General Paget's flag of truce courteously and admitted defeat, but he said it was impossible to treat for a surrender as long as any burghers wished to continue the war.

President Steyn was more irreconcilable. He refused to even see the bearer of the flag of truce.

Thwarted a Mob.

Brazil, Ind., Oct. 31.—A mob numbering 500 men, armed with almost all kinds of implements of warfare, congregated at the fair grounds and planned to raid the county jail and execute Samuel Harmon, who killed young Charles Reynolds Sunday morning. Sheriff Klingler heard of the coming of the mob and spirited the prisoner to the outskirts of the city and took him to the Vigo county jail for safe keeping. Threats are being made of blowing up Harmon's home. It is being well guarded. Harmon's family have left the city.

Killed by a Live Wire.

Aurora, Ill., Oct. 31.—John Marlow was electrocuted at the Riddle stone quarry. He attempted to brush aside the ends of an unused telephone wire that hung down to the ground. As he pulled the wire he held he came in contact with a wire transmitting electric power, and he was instantly killed. So tightly did his hands grasp the wire after death that it was impossible to remove it and the wire had to be cut away on each side of his hands.

Mine Foreman Killed.

Higbee, Mo., Oct. 31.—Thomas Bain, mine foreman for the Higbee Coal company, was instantly killed in the company's new mine here by a fall of rock. He was 70 years of age, and was well known throughout Missouri and Iowa.

SUIT FOR MILLIONS.

Biggest Damage Suit at Belton Ever Filed in the State.

Belton, Tex., Oct. 31.—A suit for the largest amount in damages ever filed in the state was filed in the district court Tuesday morning. The suit is for \$250,000 alleged damages and it is styled J. E. Blair vs. about 25 defendants residing in different portions of Texas.

In his petition plaintiff alleges that he obtained a power of attorney from the surviving heirs of Joel D. Blair a citizen of McLennan county, to about 40 acres of land in the city of Waco; that in order to defeat plaintiff's right to said property defendants wrongfully conspired together and with each other, and then and there wilfully, knowingly and falsely made and filed in the county court of McLennan county a affidavit charging plaintiff of being a person of unsound mind. That he was tried in said court on said charge; that he was convicted and sent to the Southwestern Insane asylum at San Antonio and kept there for two years and three months; defendants also alleges he was engaged to a young lady at the time who turned a shoulder to him afterward.

EXPLOSION IN A MINE.

Three Men Killed and Six Were Injured, Five Being Fatally Hurt.

Wilkesbarre, Pa., Oct. 31.—A heavy explosion of gas occurred in No. 3, slope of No. 1 shaft at the Kingston Coal company, at Edwardsville, late Tuesday afternoon, in which three men lost their lives, six others were badly burned and two are missing. Five of the six injured are in a precarious condition, and it is doubtful if they can survive.

The accident was due to an employee who diverted the air course unwittingly and allowed the gas to accumulate in place where the men were at work. The latter had been warned in time to vacate the place but they did not think they were in danger and went on with their work.

Killing Near Sachse.

Dallas, Oct. 31.—Deputy Sheriffs Sloan Lewis and Jim Humphreys arrested V. M. Johnson in east Dallas, and shortly afterward swore out a warrant charging him with the murder of Tom McNichols. The latter was killed near Sachse, this county, on Monday afternoon, three shots from a 38-caliber pistol having been fired, causing death in a few minutes. The dead man was 25 years of age and had been in this county about one year. The party under arrest is 33 years of age, and has lived near Sachse where he has a family.

Ellis County Farmer Swindled.

Waxahachie, Tex., Oct. 31.—J. C. Roberts, a farmer living about 3 miles north of this city, was robbed of \$250. A stranger who pretended to be looking for a farm to purchase, stopped at Mr. Roberts' house, who through accommodation, went with him to show him a farm that was for sale. Mr. Roberts had \$250 cash with him in a small box, from which the rogue very skillfully abstracted the money, and replaced it with a hand full of dirt wrapped in paper.
